THAT IS WHAT I SAID BUT NOT WHAT I MEANT...

It happens all the time. You think your communication is clear and yet somehow it is misinterpreted. The message is misunderstood and clearing up the confusion takes massive effort and energy. Miscommunication costs businesses millions of dollars each year. In this workshop the participants will learn the critical components for communicating with clarity to achieve a shared understanding resulting in enhanced productivity and performance.

BRINGING OUT THE BEST IN YOUR EMPLOYEES

Whether you are looking to build relationships, improve productivity, develop leadership, collaborate successfully or increase morale, it all starts with effective communication. This interactive and innovative program reveals the secrets to effective communication making even the most difficult conversations easier to navigate. At the end of this presentation participants will understand the keys to effective communication and how to use them to Bring Out The Best in themselves and others.

TRANSFORMATIONAL CONVERSATIONS: THE SECRET TO SUCCESSFULLY DEALING WITH CHANGE

It seems like these days there are more changes to deal with than ever. Effective communication is the key to successfully dealing with and thriving through change. But not just any communication will do. What's needed is the kind of communication that broadens perspectives, enlivens and engages people, causes them to take ownership and unleashes their creativity and enthusiasm. A Transformational Conversation is that kind of communication. In this program you will learn the essential elements necessary for having Transformational Conversations.
